**ORDER:**

In the representation 1<sup>st</sup> read above, Sri G.Muddu Krishnama Naidu, Ex-MLA, Nagari Assembly Constituency has stated that the present Summer Storage Tank in Puttur with the capacity of 2400 ML is constructed in the foreshore bed of Puttur M.I. Tank (Minor Irrigation Tank) and proposed to draw Raw water from GNSS canal system from off-take sluice through pipeline and fill the SS Tank. But, the present drawl of Raw water from GNSS canal system is not possible as the said construction could not be completed and getting delayed. It is learnt that, huge quantity of water is getting wasted through the surplus weir of Puttur M.I. Tank during rainy season. Thus, it is better to utilize the Raw water in Puttur M.I.Tank, to fill up the Puttur S.S. Tank and also to feed the W.T.P. to supply treated water daily to the town. Therefore, requested the Government to accord administrative sanction and to allocate funds, so as to put the entire Water Supply Scheme into function.

2. The Engineer-in-Chief (Public Health) in his letters 2<sup>nd</sup> and 4<sup>th</sup> read above has stated that, the Puttur Water Supply Improvement Scheme with a cost of Rs.54.95 Crores sanctioned in G.O.Ms.No.76, MA&UD (A1) Department, Dt.18.01.2008 was taken up with GNSS canal as source. The Canal is no where near completion in the immediate future, hence proposed to use surplus water (also getting wasted through Lower Sluice by 9.875 Mcft) available in Puttur M.I. Tank by pumping into S.S. Tank for commissioning the Water Supply Scheme with the components proposed as follows:-

- i) Construction of 4.00 mts dia (55 K1) Sump cum Pump house with walk way.
- ii) Lying of 350 mm DI-K-7 pumping main from Sump to SS Tank.
- iii) Supply, Delivery, Erection and train run of 36 KW, Submersible Pump sets with 100% standby arrangement.
- iv) Construction of VRCC Pedestals for laying of 350mm DI pipelines.

3. The Engineer-in-Chief (Public Health) has therefore, requested the Government to accord Administrative sanction for Rs.98.00 Lakhs as per SOR 2013-14, for pumping of Raw water from Puttur M.I. Tank into Puttur Summer Storage Tank, to supply treated water to Puttur Town and proposed to meet the said expenditure from the budgetary provision under the head of Account "2215-01-101-GH 11-SH (04)-310-139 i.e., Assistance to Municipalities and Corporations" in BE 2014-15.

4. Government after careful examination of the matter, hereby accord administrative sanction for an amount of Rs.98.00 Lakhs (Rupees Ninety eight lakhs only) for pumping of Raw water from Puttur M.I. Tank into Puttur Summer Storage Tank to supply treated water to Puttur Town, meeting the expenditure from the budgetary provision under the head of Account "2215-01-101-GH 11-SH (04)-310-139 i.e., Assistance to Municipalities and Corporations" from the BE 2014-15.

[P.T.O.]
